

*Can the heart  
race with just a touch?*

Exactly your chemistry.

## Beautiful packaging builds desire.

Create a sensation with personal care packaging that arouses emotion. Clariant's deep experience in color formulation, unmatched palette of special effects and its knowledge of resins and processes turn your concepts into innovations that people can't resist. Wherever your plastic products are made, our global team ensures a consistent look and performance worldwide, which is key to brand identity.
